

# Hamilton North School

Specialist Learning Centres

*Their potential will be maximized by offering them new challenges and opportunities.*

01 August 2013 Volume 12

Principal's Corner

**Welcome Back**

Welcome to term 3 and what looks like an extremely busy term that has begun with all students returning eager to learn.

I would like to welcome Loghn Petersen-Rohloff (Base 4) and his family to our school and hope they enjoy being part of Hamilton North School.

This week sees SLC classes visiting the 'Planetarium-Star Dome' in Auckland as part of their study on the Solar Systems Unit. In week 7 SLC4 leave for their overseas camp in Australia. This class has worked hard to raise the funds for this exciting adventure.

### Health Concerns Reminder

If your child is suffering from a head cold or other flu symptoms then **school is not the best place for him/her to be**. Many of our students are very susceptible to catching "bugs" which can easily spread across the school and lead to more serious illnesses.

So please, if you are asked to pick your child up from school or to keep him/her at home, it is because staff are concerned about health and the needs of others. We do not have a (sick bay) at school and classrooms are not the ideal place for sick students. We enter the mid point of the year and the weather and sickness amongst students and staff is beginning to take its toll.

I would like to thank those parents that have kept their sick children at home and responded to our calls for students to be picked up when their health has deteriorated when at school. This has greatly assisted the school and helped in reducing higher rates of sickness occurring.

**Quote: "If you don't have time to do it right you must have time to do it over."**

Tony Kane  
Principal

### **HEALTH CONCERNS GUIDELINES**

The Board of Trustees is using the following guideline for when students are sick.

<b><u>Illness</u></b>	<b><u>Recommended Recovery Time</u></b>
Vomiting	Until 24 hours after last vomit, and managed to keep food down.
Diarrhoea	Until 24 hours after last runny bowel motion.
Conjunctivitis	Until eye discharge has ceased.
Measles	For at least 7 days after onset of rash.
Whooping Cough	For five days after antibiotics treatment commenced.
Mumps	For 10-12 days or swelling and temperature has ceased.
Chicken pox	For seven days from the onset of the rash and scabs are gone.
School Sores / Impetigo	Until 48 hours after antibiotics started.
Infectious discharge / uncovered lesions	Until 24 hours after treatment has started and/or discharge has ceased.
Streptococcal Throat	For 48 hours after antibiotics started.
General Anesthetic	Allow 2 days to be fully alert.
Cold/Flu Symptoms	Until temperature has returned to normal and the nose is clear.
Ears	Until discharge or pain has ceased.
General unwellness / unfit state for learning	Until symptoms cease (e.g. at least 24 hours after last high temperature – above 37.5°) and student is in a fit state to be involved in full school day's activities.
