## Principal's Corner

### Week 3

The school year is now well under way and all classes have settled quickly into the new challenges ahead. Planning for sports days and camps is well advanced. You will receive further information over the coming week. Please refer to the back page for all the important dates.

### Coming Events

#### Swimming Sports: March 3rd

A number of students from SLC have been entered in the Special Olympic Swimming Sports to be held in Te Awamutu on Thursday, March 3rd. For some this is their first time competing and is a chance to compete against students from around the Waikato.

#### Senior Camp: Taupo 7th - 11th March

SLC 4 will be spending the week exploring Taupo and the surrounding areas as part of their curriculum studies which are based around Social Studies, Science and Physical Education. I'm sure every student will return having experienced challenges that they will remember for many years to come. It is also a time where the students are able to socialise with their friends outside of the school environment.

#### 2016 ACTIVITY FEES have remained at \$85

The Board of Trustees has recognised the pressures that families are under and have again kept the 2016 Activity Fees at \$85. Unfortunately, with many price increases we are finding it difficult to fully fund all our activities. I can honestly say that Hamilton North's activity fees go towards covering the many costs that the school incurs in providing the many varied activities for our students such as: Weekly swimming, horse riding, transport to activities, community outings to local facilities and stationery. Student ORS funding only covers Therapy and Para Professionals (Teacher Aides). The activity costs are met from activity fees and fundraising. As costs continue to increase your assistance by paying the activity fee is appreciated. So for 2016 we are suggesting families may like to pay \$21 per term to make it easier to budget.

## SLC 7 Community Based PE

SLC 7 are gathering an understanding of how to participate in creative and regular physical activities and are learning to identify enjoyable experiences.

### INDOOR BOWLING

Students observe each other's bowling and critically analyse the impact each bowl has on the outcome of their game.

They are able to understand turn taking and wait patiently for everyone to bowl.

### 10 PIN BOWLING

Students are encouraged to share each other's successes and enjoyment for the game.
