Parent & Visitor Reminders:

Students Arriving Late or being Picked up Early

- During the school day any students being dropped in late, or picked up early, require parents/caregivers to come to the front office FIRST and sign student in or out. This is to ensure privacy for all students and to eliminate disruption during class time. The front office will phone your child's classroom and request for a staff member to come collect/or drop off student at reception.

Absent Students - If your child is going to be absent from school please phone our school office on 07 849 3029 by 9am so correct attendance can be recorded. Thank you.

Visiting School During the Day

- For all appointments or queries during school hours please come to our front office to SIGN IN. The Teacher or respective Staff member will be contacted

Hamilton North School

Specialist Learning Centres

Their potential will be maximized by offering them new challenges and opportunities.

29 March 2018 **Volume 05**

Principal's Corner

Welcome To Week 9

Welcome to Week 9:

This term has seen our students presented with many new challenges and it has been great to see every student make progress no matter how small and this is celebrated in each class.

I.E.Ps:

Thank you to all those parent/caregivers who have attended I.E.P meetings. These are an important part of every child's education planning which allows for all stakeholders to have input into the development of shared goals.

Reminder-2018 ACTIVITY FEES Remain at \$85:

The Board of Trustees has recognised the pressures that families are under and have kept the fees at \$85. Unfortunately, with many price increases we are finding it difficult to fully fund all our activities. I can honestly say that Hamilton North's activity fees go towards covering the many costs that the school incurs in providing the many and varied activities for students such as: Weekly swimming, horse riding, transport to activities and community outings to local facilities. Student ORS funding only covers Therapy and Para Professionals (Teacher Aides). The activity costs are met from Activity Fees and fundraising. As costs continue to increase your assistance by paying the Activity Fee is appreciated. We are again suggesting families may like to pay \$21.30 per term to make it easier to budget.

REMINDER: SAILING AT LAKE NGAROTO:

Students and their families have been invited to view sailing at Lake Ngaroto near Te Awamutu on the following dates: 8 April and 21 April. On these days you will be able to see Sailability Experience Sailing where modified boats are set up for people of all ages with disabilities.

CHANGE OF ADDRESS:

If you are shifting house at anytime you will need to fill out a **NEW Transport Application** for your child. Please see me at the office for this application as they do take up to two weeks to be processed by the Ministry of Education.

DAYLIGHT SAVING:

This ends this Sunday so remember to put your clocks back an hour and sleep in for an extra hour!!

BREAKFAST IDEAS

LABEL READING

There are lots of different nutritional claims on packaging but it's best to check for yourself by reading the label. Remember to always use the 100g column

TIP: Fibre helps us feel full for longer and keeps our digestive system healthy.

Aim for less than 10g SUGAR per 100g	10
Carbohydrate, Total (g)	20.1 67.0
Sugars (g)	0.8 2.8
Aim for less than 10g TOTAL FAT per 100g	10
Fat, Total (g)	0.4 1.4
Saturated Fat (g)	0.1 0.3
Aim for more than 5g FIBRE per 100g	5
Dietary Fibre (g)	3.0 10.1
Sodium (mg)	81 270

Quote: "Nothing great was ever achieved without enthusiasm."

Tony Kane
Principal

Numicon is multi-sensory, it is a teaching resource designed to help children visualise numbers. From this visual picture they can see how to add, subtract, multiply and divide numbers and the relationships between these.

Students in Room 6 at Te Totara Satellite have been making great progress using Numicon.

The students use the spinner to match the coloured shapes.

They learn to order and count to 10 or higher.

Learning about position and rotation.

Pegs are used to match colours, make sets and improve fine motor

Students make number facts e.g.. $4+3=7$ also $6+1=7$.

Learning that a 7 block + a single block = 8.
